

## HISTORY

The Davis Cemetery District is the oldest cemetery in Yolo County. It was founded in 1850 on donated farm land by one of the regions' pioneer families. The earliest grave markers in today's Cemetery District date back to 1855. The cemetery was incorporated into a special district with tremendous support from the residents in 1922. Dedicated volunteers planted trees, mowed the grass and transformed the space into a garden park cemetery.

Today the cemetery district encompasses twenty-eight acres and consists of lush grounds complete with a native swale, majestic trees and a diverse collection of ornamental plants carefully selected to thrive for Yolo County's climate, soil and water. The unique blend of formal and informal landscapes dotted with over 150 native and exotic trees serve as a backdrop to the tranquil setting. The intimate gardens enhance the beauty and sense of peace.

The cemetery is a sanctuary and a place for friends and family to mourn, remember and celebrate. Whether you are planning or need to make immediate arrangements, we are here to educate and assist you with care and compassion. The Davis Cemetery honors the past, serves the present and enriches the future.

Above is the original entrance, used at a time when horse and carriage was the means of transportation.

The Davis Cemetery District is committed to strengthening its connection to the community by creating a space of serenity; encouraging people to enjoy nature, art and civic history.

As a public agency, we are governed by a five-member Board of Trustees, which is appointed by the Yolo County Board of Supervisors. The Health and Safety Code of the State of California regulates the Davis Cemetery District.

The Cemetery is an independent special district; responsible for providing respectful and cost-effective interment services to meet the needs of its diverse community. We are funded by city property taxes and the sale of interment rights, along with other miscellaneous fees.
